OUR DIGNITARIES

We must view young people as candles to be lit, every moment is a stepping stone for our BNGians. We believe in imparting quality education to them and nurturing them with love, trust, bonding and faith. My sincere thanks go to all the parents who have entrusted their children in our care and have always been a strong support to the BNG family.

MR. ANURAG GUPTA
CHAIRMAN

We at BNG believe that knowledge is a treasure but practice is the key to unlocking it. It is the propelling force behind each one of our initiatives. For the success of any individual, character building is fundamental and growth must be well rounded. It is therefore extremely important to strike a balance between academics, sports and co-curricular activities. I feel that the only constant in this world is change and the more versatile you are, the better suited you will be to adapt to the changing environment. I wish every BNGian the very best for the future endeavours in their lives.

MRS. RAMA GUPTA
CHAIRPERSON

The objective of school education is not to increase the amount of knowledge but to create the possibilities for a child to invent and discover, making a child to become a responsible citizen and capable of embracing life's challenges with open arms.

Learning is a lifelong process, it is not confined to merely acquiring certificates and degrees from schools and colleges. Rather, education is, acquiring values and morals that help an individual to face the competitive world and also to improve the multiple facets of the society.

At BNG International School, it is our noble effort to provide quality education. Our mission is to continue to do what we are expected to do, that is to develop our school and children with values and integrity. Our aim is to provide our children with the best possible opportunities and the best all round education to make them smart and confident Indian citizen who have the capability to lead the world and make us proud.

I take this medium to appreciate our Parents Fraternity for supporting the school in every aspect.

CURRICULUM FOR CLASSES I-XII

HOLISTIC DEVELOPMENT

At our school, we emphasize the holistic development of students, nurturing not only their academic abilities but also their physical, emotional and social growth. Through a balanced curriculum that includes academics, sports, arts and life skills, we aim to help each child realize their full potential, preparing them for success in all aspects of life.

NEW EDUCATION POLICY PATTERN

The school curriculum follows the New Education Policy

SOCIAL AND COMMUNITY SERVICE

At our school, students are encouraged to actively participate in social and community service initiatives, fostering a sense of responsibility and empathy. Through these programs, they develop leadership skills and contribute meaningfully to society.

PERSONAL ATTENTION

Our school is dedicated to offering personalized attention to each student, nurturing their unique needs and strengths. This individualized approach promotes academic excellence, self-confidence and holistic development.

MONTHLY COMPETITIONS

Our school organizes monthly competitions in a variety of disciplines, inspiring students to display their talents and enhance their skills. These events promote healthy competition, creativity and personal development.

CELEBRATIONS OF SPECIAL DAYS

Our school actively celebrates special days throughout the year, fostering a vibrant community spirit and enriching cultural awareness. These celebrations provide students with opportunities to engage, learn, and appreciate diverse traditions.

SCHOOL CLUBS AND HOUSES

Our school provides a diverse range of clubs and houses, enabling students to explore their passions and cultivate leadership abilities. These programs encourage teamwork, friendly competition, and a deep sense of belonging.

CURRICULUM

21st CENTURY SKILLS

Our school prioritizes the development of 21st-century skills, empowering students with critical thinking, collaboration, and digital literacy. These vital skills prepare them for success in a rapidly changing global environment.

The biggest challenge any teacher faces is capturing the students' attention and conveying ideas in a way that stays with them long after they have left the classroom. For this to happen, effective and innovative ideas are implemented to enhance classroom experiences. Teachers continuously reinvent their teaching methods to make their classes more engaging. Listed below are some of the strategies we follow:

CREATIVE TEACHING

Creative teaching encourages students to explore, imagine, and engage with their learning in innovative ways. By blending traditional methods with hands-on activities, problem-solving tasks, and artistic expression, it fosters critical thinking and collaboration. This approach not only enhances academic understanding but also nurtures curiosity, self-confidence, and a love for learning. At our school, we are committed to fostering an environment where creativity thrives, ensuring students are equipped with the skills to think independently and adapt to an ever-changing world.

E-LEARNING

E-learning at our school integrates technology to create a dynamic and flexible learning environment. Through interactive digital platforms, students can access a wealth of resources, collaborate with peers, and engage in personalized learning experiences at their own pace. This modern approach enhances traditional classroom instruction, ensuring that students develop essential 21st-century skills such as digital literacy, critical thinking, and self-directed learning. Our commitment to E-learning ensures that students are well-prepared for a rapidly evolving digital world.

We include playful games or visual exercises that excite the young minds and capture their interests.

REAL WORLD LEARNING

Our school focuses on real-world learning, providing students with hands-on experiences that bridge classroom knowledge with real-life applications. This approach enhances problem-solving abilities and equips them for future challenges.

BRAINSTORMING

At our school, brainstorming is a key part of the learning process, encouraging students to think freely, share ideas, and collaborate in a supportive environment. This method fosters creativity, critical thinking, and problem-solving skills, allowing students to explore multiple perspectives and develop innovative solutions. By engaging in brainstorming sessions, students learn the value of teamwork, open communication, and the power of diverse ideas, preparing them for both academic success and real-world challenges.

CLASSROOM OUTSIDE THE CLASSROOM

Our school promotes learning beyond the classroom through outdoor and experiential activities. These opportunities offer students hands-on experiences that enhance engagement with their environment and enrich their learning.

ROLE PLAY

Our school employs role play as a dynamic teaching method, allowing students to immerse themselves in real-life scenarios. This interactive approach enhances understanding, fosters empathy and encourages collaboration among peers.

SUBJECT INTEGRATION

Our school embraces a subject integration approach that connects various disciplines to create a holistic learning experience. This method promotes critical thinking and helps students understand the real-world relevance of their studies.

ASSESSMENT AND EVALUATION OF LEARNING

It involves working with a range of available evidence throughout the process of activities, enabling the teacher to assess the child's performance and track their progress. This approach helps identify learning gaps, strengths, and weaknesses, while providing anecdotes to assist students in overcoming challenges using various remedial strategies. Evaluations are conducted according to a uniform system of assessment guidelines set by CBSE. Assessment results will be indicated in grades according to an eight-point grading scale for scholastic areas and a three-point grading scale for co-scholastic areas.

- (A) Work Education- Work education refers to an educational approach that integrates practical skills training with academic learning, focusing on preparing students for real-world tasks and responsibilities.
- (B) Art Education- Art education refers to the teaching and learning of various forms of visual and performing arts, encompassing subjects such as drawing, painting, sculpture, music, theater and dance.

SPORTS AND GAMES

Sports are essential to our curriculum, promoting fitness, teamwork, and discipline. We offer activities like cricket, basketball, football, badminton, taekwondo and yoga, ensuring every student finds a passion. Participation boosts athletic skills and teaches leadership, perseverance and fair play, supporting students' holistic development.

SPORTS

DRAMATICS

Our dramatics program gives students a platform to express creativity, build confidence, and develop communication skills through acting, scriptwriting, and stage production. It nurtures artistic talents, teamwork, and self-expression, while fostering a love for the performing arts and valuable life skills.

Words have incredible power. They can make people's hearts soar, or they can make people's hearts sore.

— Dr. Mardy Grothe

VOICE AND ACCENT TRAINING

Our voice and accent training helps students improve pronunciation, intonation, and clarity, boosting confidence in spoken English. This program enhances communication skills for personal and professional growth, preparing students to thrive in a globalized world.

PUBLIC SPEAKING

Public speaking is a key part of our school's education, aimed at developing strong communication skills. Activities like debates, extempore, poem recitation, and book reading competitions help students express ideas, think critically, and build confidence. These experiences foster a love for literature and equip students to become articulate leaders.

QUIZZES

Quizzes are a key part of our school's learning experience, fostering inquiry and healthy competition. Covering subjects like Chemistry, Physics, Maths, and more. These quizzes reinforce knowledge, sharpen critical thinking, and promote teamwork. They encourage academic excellence and a lifelong love for learning.

STUDENT COUNSELLING

Our school is pleased to offer specialized student counseling sessions led by experienced external counselors. These experts provide personalized guidance, helping students explore career options, industry trends, and educational opportunities. Through one-on-one consultations and workshops, students receive tailored advice to confidently pursue their aspirations and make informed decisions about their future.

JOURNALISM

Our school promotes journalism as a dynamic field, encouraging students to explore media and communication. Through our program, they develop essential skills in research, writing, and storytelling while gaining hands-on experience in school publications and broadcasts. This initiative fosters creativity, self-expression, and ethical reporting, inspiring the next generation of journalists to inform and engage their communities.

Awards and recognition

Our school achievements are positive, demonstrable results of our efforts, including students' grades, honors, awards, competition results and engagement in students' life. Academic achievement is measured through examinations and continuous assessments. Non-academic achievements are evaluated based on students' participation in co-curricular activities such as dance, drama, sports, cultural events, and projects. At BNG, we believe that every child is unique and full of potential. We strive to help them excel in all fields by providing the facilities and support needed for their holistic development.

We appreciate your efforts in the field of cleanliness, water conservation and environmental protection. We hope that you will continue to support the campaigns run by Meerut Municipal Corporation and The Growing People (NGO) on the above topics and prepare your students for nature conservation along with providing them the best education.
