OUR STUDENTS WENT ON A WONDERFUL NATURE WALK

Look deep into nature, and then you will understand everything better. On the occasion of WORLD EARTH DAY, our students went on a wonderful nature walk with their teachers and it was an exciting experience!

As children walked through the greenery, they saw many beautiful trees, colorful flowers and heard birds chirping cheerfully. The fresh air and warm sunlight made them feel happy and calm. Our teachers told them about different types of trees and shrubs and also how they help us by giving us oxygen and shade. Children also learned the importance of keeping nature clean and green.
